EDUCATION

University of Michigan - College of Literature, Science, and the Arts **Ann Arbor, MI**
Bachelor of Science in Computer Science Expected April 2027
Bachelor of Science in Economics Expected April 2027
GPA: 3.4/4.0
Coursework: Data Structures & Algorithms, Machine Learning, Computer Design, Query Databases, User Interface Development, Web Systems, Econometrics and Data Analysis, Statistics and Probability

TECHNICAL SKILLS

Languages: C, C++, C#, Python, JavaScript, HTML, CSS, SQL, ARM, R, Lua, STATA, Tableau
Tools & Frameworks: AWS, Flask, Git, Microsoft Office, Google Suite, Excel, Jira

PROJECT EXPERIENCE

Insta485 January 2026
- Collaborated on a team to build an Instagram clone using client-side dynamic pages
- Constructed a full-stack web app to enable users to create posts, comments, and profiles using Flask and ReactJS frameworks, and developed front-end using HTML, CSS, and JavaScript

Query Support March 2025
- Developed a command-line relational database system, supporting table creation, insertion, deletion, and queries with filtering, printing, and joins
- Implemented indexing with hash maps and balanced search trees to optimize query performance
- demonstration of the skill you used,

Text Editor March 2024
- Created a text editor that allows users to use arrow keys, backspace, and space keys to move the cursor, as well as edit documents
- Utilizes tools such as: Container ADTs, Dynamic Memory, The Big Three, Linked Lists, and Iterators
- incorporate ^ in sentence

WORK EXPERIENCE

Renew CS - University of Michigan - Ann Arbor, MI September 2025 - April 2026
CSE Mentorship Program Tutor
- Mentor students in computer science fundamentals, including programming, algorithms, data structures, and debugging, while emphasizing problem-solving and clean code practices
- Support courses such as EECS 280 (Programming and Introduction to Data Structures) and EECS 281 (Data Structures and Algorithms)
- Foster collaborative learning that improves students' confidence and academic performance in computing courses

Learning Care Group - Tutor Time - Farmington Hills, MI June 2025 - August 2025
Assistant Teacher
- Supervised groups of children, maintaining a safe and positive learning environment
- Facilitated interactive play, educational games, and creative activities to encourage development
- Applied strong communication and teamwork skills to support teachers and collaborate with staff
- Gained experience in conflict resolution, patience, and time management while balancing multiple tasks

Michigan Islamic Academy - Ann Arbor, MI August 2024 - March 2025
Teacher Assistant
- Guided eighth-grade students in computer science class through the fundamentals of app development
- Emphasized best practices for conscious software development, including user-centered design and thoughtful algorithmic approaches

LEADERSHIP EXPERIENCE

Muslim Engineering Society, Ann Arbor, MI August 2024 - May 2025
Social Chair
- Planned and coordinated social events that help U of M students build connections beyond academics
- Manage the society's social platforms, fostering an inclusive and welcoming environment
- Serve as a point of support and guidance for new college students, ensuring they feel connected and supported
